Instructions for ink jet cartridges: We have provided empty zip lock bags for your cartridges since they may leak during shipment. You can fit two cartridges in a bag and some may not fit at all. If more bags are needed please use any plastic bag available. Be sure you fill your box fully before mailing (12 cartridges minimum please).

Instructions for laser cartridges: Because of the size and weight of lasers, we do not provide collection boxes. When you have a box ready to ship, weigh it and log onto <http://www.ckarecycleaid.com> to download a pre-paid UPS shipping label to send your cartridges.

Note: We will send you an empty box for ink jet cartridges for every full box we receive. If you have more than 30 ink jet cartridges please follow the instructions above for shipping Laser Cartridges. You can download a UPS label and put them in a large box.
